## THE TEST THAT TELLS

Is the Test Of Time. Many Norway People Have Made This Test

Years ago this Norway citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Norway reader demand more convincing proof?

It's Norway testimony—it may be investigated.

C. E. Bradford, prop. of laundry, Main St., says: "For some time I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well either, when a friend advised me to take Doan's Kidney Pills, I got a supply at F. P. Stone's Drug Store. After I used two boxes, the pains and other symptoms disappeared and there was a great improvement in every way. I have had no kidney trouble since."

Four years later Mr. Bradford added: "I still have confidence in Doan's Kidney Pills as it hasn't been necessary for me to use a kidney medicine since I took them."

## TWO LEAVES

Two leaves together nestle close There on the shady hillside. One long, has lain 'neath winter snow, The other fell this morn'.

Way up above it grew, It did its mite to shade provide The scorching summer thru.

Then came artistic autumn's touch Tinting it ruddy red, Till bleached by breath of Boreas cold, It slowly fell down.

Out there all winter long it lay Beneath deep banks of snow, But on it now the sun beats down And o'er it zephyrs blow.

On parent twig, a week ago, All lovely blossomed out A sister leaf, as fair to see As any leaf about.

But birdsies snapped it from its twig, In merriment and mirth, While wooing wildly mid the leaves— And down it fell to earth.

And now it wags its sister, lies, All tender, green and fair, While overhead the birdsies sing, And in the grove 'erywhere.

They grow and soon they'll shelter give From summer's burning sun, And then they'll, like their sisters, fall, Their life's work bravely done.

—FATHER CASSIDY, Norway, June 1, 1920.

The New Perfection Oil Cook Stove is the perfect and most economical stove.

The reason for its great fuel saving lies in the perfect and complete combustion of every drop of oil. Then, too, you are not wasting fuel by keeping a fire burning when you are not cooking.

The New Perfection provides the hottest flame for cooking—the high, white-tipped blue flame. You can have intense heat instantly by regulating the handle. Further regulation gives you an even blue flame for slow boiling or simmering. Comes in 1, 2, 3 and 4-burner sizes.

For your further convenience—the New Perfection Water Heater—quickly heats running water. It is easily connected to any circulating water system. Simple and very economical.

### SWEDEN

**Surprise Party**  
Wednesday evening, June 9th, fifty-two of the neighbors and friends gathered at the Plummer homestead to celebrate Wendall Plummer's twenty-first birthday. The house was prettily decorated with flags and Japanese lanterns. A nice treat was served of cake, ice cream, fancy crackers and cigars. Wendall was the recipient of a fine lot of nice presents.

Lines to Wendall C. Plummer on his 21st birthday, June 9, 1920 composed and read at his birthday party by Addie M. Stone:

The grass is green around us,  
The birds sing all the day,  
The blue sky is smiling o'er us,  
And the little clouds look gay.  
'Tis June, the month of roses,  
These beautiful things we find,  
When Wendall has a birthday,  
The twenty-first we mind.  
That is why his friends have gathered  
From all around the town,  
They come in cars,  
They come in carts all in their Sunday gowns  
They bring all the good wishes  
They could find along the way,  
And all the cake that they could eat,  
It makes them all feel gay.  
And as the years roll onward,  
And we all older grow,  
We hope he will find life just  
As sweet as in the past you knew.  
And with each year a birthday comes  
Just as ones gone by,  
May they find him just as happy,  
With the twinkles in his eyes.  
May his life be full of sunshine,  
And when he finds a wife,  
And a lot of little Wendalls,  
Just as full of fun and life,  
As the passing years have found him,  
May he think of you and me,  
As we all have met together,  
This June evening, you see.  
Just to eat the cake and ice cream,  
Just to pull his ears once more,  
Just to wish him lots more birthdays,  
Nineteen and still some more.

Though unfamiliar with security selling, they soon took an active part in selling the securities to financing new developments.

Since that time our employees have taken an increasingly prominent part in the financing that makes possible the development of power for the upbuilding of Industrial Maine.

When you are ready to place your order for Central Maine Power Company 7 per cent. Preferred Stock, you can do so through any employee of the Company--superintendents, salesmen, linemen, wiremen, cashiers--any Company employees.

You will find that many of them are stockholders themselves.

We can sell stock through our employees because our security is an absolutely clean cut and understandable proposition.

We can sell it through employees because these employees know the company and know the safety of its securities as an investment. They are glad to recommend it to their friends and acquaintances.

### Attempted Hold-Up

Two rough looking men waving red flags attempted to stop Mr. and Mrs. Fred H. Bartlett and son in the road between West Paris and Bryant's Pond one evening recently.

The party were on their way by auto to their home in Andover after spending the day with relatives in Norway. Just before reaching the top of the hill two men appeared in the range of the lights, giving signals to stop. Approaching more closely, Mr. Bartlett noted their tramp-like appearance and suspected trouble. He applied the gas and the tough characters leaped from the road. One attempted to board the car, but missed his hold.

Mr. Bartlett is a member of the firm of Bartlett & Elliott, spool manufacturers, of Andover.

Mrs. Arthur Hebbard was at home from Old Orchard from Friday to Monday. W. G. Conary attended court in Auburn, Wednesday and Thursday.

Mina Jewett of New York arrived on Wednesday with Stephen P. Jewett, Jr., son of Dr. Stephen P. Jewett of New York. Miss Jewett will remain only a few days, but Stephen will spend the summer with his grandmother, Mrs. Ella Jewett Cole.

The last regular meeting of Lake Temple Pythian Sisters until the first Tuesday in September was held Tuesday evening. A bountiful supper was served at 6:45 under the direction of a committee composed of Mrs. Edith Edwards, chairman; Mrs. Geneva Partridge, Mrs. Mary Lewis, Mrs. Ida Hall, Mrs. Nellie Goodwin and Mrs. Maud Spiller. Roll call followed and the remaining hours spent socially.

On Tuesday, June 29, Lake Temple Pythian Sisters will be entertained at Elnor Brown's cottage at the lake by Mrs. Elnor Brown, Mrs. Donald Partridge, Mrs. Percy H. Nevers and Mrs. Sadie Lapham. The supper at 7 p. m. will be followed by field sports.

Manchester Woman Is Now Rejoicing Over Wonderful Improvement After Taking Tanlac

"I am so happy to think how perfectly my health is being restored that I just want to tell everybody about Tanlac," said Mrs. Regina Lavalee, who resides at 641 Elm Street, Manchester, N. H., recently. Continuing, she said:  
"Five years ago I began to get in a badly run-down and weak condition. I had scarcely any appetite to speak of and the little I did manage to force down would sour, gas would form and I would bloat badly, and I also had great difficulty in breathing. To add to my other troubles, a year ago my kidneys began to bother me something awful, and made it almost impossible for me to get any sleep, and in the morning I would always be completely tired out and actually worse than when I went to bed. I lost so much weight and became so weak it was with the greatest effort I managed to do my housework as I just had to drag myself around and after the least little exertion I would be completely exhausted and barely able to stand on my feet. In fact, I was so completely worn out and run down I had about come to the conclusion I would have to give up entirely.  
"I had tried several different medicines without any of them doing me any good and I kept getting worse instead of better and had become very much discouraged, but as I had seen so many statements in the newspapers of the benefit others were receiving from Tanlac I decided to give it a trial, and while I have taken only four bottles so far I am in better health than I have been in years. I have gained nine pounds in weight and am gaining every day, my appetite has improved wonderfully and I can eat anything I want and everything agrees with me perfectly. I am not troubled with my kidneys any more and sleep as peacefully as a child every night. I have regained my strength so I can do all my own housework with very little worry. I am going to continue taking Tanlac as I get better and better with every bottle I take and am certain I will soon be in perfect health."  
Tanlac is sold in Norway by A. L. Clark Drug Co., in West Paris by S. T. White, and by O. H. Haskell, Sweden, B. F. D. from Harrison.

## What a lot of argument there used to be about a woman driving an automobile

**T**ODAY she can "make a train" or fix a tire as well as anybody.

As soon as a luxury becomes a necessity the point of view changes.

Two or three years ago you would have listened to more varying opinions about tires than you could shake a stick at. Mileages, construction, treads and whatnot.

It's different now. Tire users are working towards a unanimous feeling.

You express it one way—the man down the street another. But sifted down it amounts to this:

That the only way to settle

your tire problem is to get a tire of known value and stick to it.

III

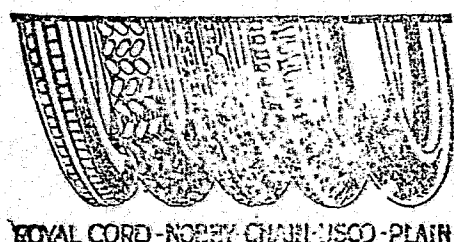

We recommend and sell U. S. Tires because their value is known.

There's no guess about it.

It was the U. S. quality policy which led to the perfection of the straight-side automobile tire, the pneumatic truck tire—two of the greatest additions to tire value that have ever been made.

As representatives of the oldest and largest rubber concern in the world, we are in a position to tell you something about tire values. Come in some day and talk to us.

Select your tires according to the roads they have to travel:  
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.  
For front wheels—The U. S. Plain.  
For best results—everywhere—U. S. Royal Cords.

# The Greatest Clothes Values We've Ever Offered

## Hart Schaffner & Marx Suits and other good makes at large reductions to reduce stock.

If you want to save on clothes—and what man doesn't, here's the biggest opportunity that this community has seen in a long, long time.

It's our contribution to a widespread effort to lower the high cost of living.

We've been selling clothes on a closer margin than ever before. We've been do-

ing our best to keep retail prices down and still "get by."

But now we've decided to do more than our share; to give people the greatest values that can be offered anywhere at this time, no matter what it costs us.

There is more Catarrh in this section of  
the country than all other diseases put to-  
gether and for years it was supposed to be in-  
curable. Doctors prescribed local remedies,  
and by constantly failing to cure with local  
treatment, pronounced it incurable. Catarrh  
is a local disease, greatly influenced by con-  
stitutional conditions and therefore requires  
constitutional treatment. Hall's Catarrh Medi-  
cine, manufactured by J. C. Cheney & Co.,  
Toledo, Ohio, is a constitutional remedy, is  
taken internally and acts thru the blood on  
the mucous surfaces of the system. One hun-  
dred dollars reward is offered for any case  
that Hall's Catarrh Medicine fails to cure.

#### SUMMER SINGS

Fashion wows the country side  
Rediscovered old things new  
With its simple ways abide  
Finding tasks on farms to do  
Happiness is lost and guide  
Shadowy night and solitude  
Where at dawn one wakes to hear  
Noise of fluttering chicks for food  
Colts' call and dairy's cheer  
Making melodies subdued.  
Morning's way the hayricks go  
To the meadow's shade of trees  
Sweet the scents from blossoms blow  
Mystery luring there the bees  
Summer sings and all things grow.

## A Difference

There's a difference whether  
a boy is going or coming

On his way to the grocery he has something to remember.

Homeward bound with basket full, and nine-tenths of his errands over, he is just the least bit likely to forget that eggs are 65c a dozen.

If all a boy's life was spent in GOING somewhere, everything would be milk and honey, but since he has got to cruise back home—his sails must be sailor enough to weather the gale. The boys' suits that we are selling are made to come and go without disaster.

Good workmanship—stout woollens—and tremendous values mark them as the logical dress for any boy.

Our Advertising man inspected them and says they will stand a rigid investigation.

### THE MAN BEHIND THE ACCOUNT

Our experience as bankers has taught us that it's the MAN who opens the account to be considered more than the AMOUNT that opens the account.

If he is well posted yet seeks advice from those best able to give it;

If he watches his corners, yet always gives the other fellow a square deal;

If he isn't afraid of work yet doesn't waste his time on details others should be doing,

We see in him a valuable customer—and treat him accordingly.

Douglass-Dudley

A very pretty home wedding took place Tuesday, June 1, at 2 p. m., when Freeman S. Douglass of Elm, Ohio, and Annie L. Dudley of Waterford were married at the home of the bride's parents, Mr. and Mrs. E. M. Dudley of the Lake House.

The ceremony was performed by Rev. Robert E. Jones of the Congregational Church. The bridesmaid was Lillian Fogg of Freeport, a classmate of the bride at Colby. The best man was Luke E. Sawyer of Beaver Falls, Penn. The marriage was solemnized in the music room which had been decorated with evergreen, fir, and apple blossoms.

Dr. John Hyatt Brewer of Brooklyn, N. Y., played the wedding march. The bride, escorted by her father, who gave her in marriage, was very dainty and sweet in her charming gown of white satin and lace and her long tulle veil caught with orange blossoms. Her bouquet was a shower of bride's roses and lilies of the valley. The bridesmaid wore a gown of pink silk and lace and carried pink roses.

Only relatives and intimate friends were at the ceremony, a large reception following. During the reception refreshments were served in the dining room, the girl friends of the bride assisting.

There were many beautiful gifts consisting of silver, cut glass, linen, china, with a number of checks. After the reception, the happy couple left for their honeymoon, the bride traveling in a gown of blue tulle with hat to match.

Among those present from out of town were Guy E. Dudley of Los Angeles, Cal., the bride's brother, and the groom's parents, Mr. and Mrs. W. W. Douglass of Cincinnati, Ohio.

### NORWAY AND VICINITY

Capt. M. W. Sampson opens the season Sunday on Lake Pemseewassee with Sunday trips by the motor boats "Portland" and "Hartford Girl." Boat leaves the wharf at 10 a. m. 2 and 5 p. m. Special trips for any time during the week day or night, can be arranged. Mr. and Mrs. William G. Newcomb and daughter Dorothy have returned from a trip by rail to Michigan extending over a period of seven weeks. Mr. Newcomb underwent an operation and during recovery the family journeyed over the state and visited the cities of importance. His health is much improved. The trip home carried them into the farming districts in Canada and through the large eastern cities.

Field strawberries are plentiful and many tables are well supplied. Grand old sugar is the only drawback to a full realization of the joys of childhood. The good old days when the family sugar bucket was common property and overflowing with low price sweetness are gone but not forgotten.

Four Doughten have employment this summer as chauffeur for a family at Portland.

Green peas on the Fourth is a mark set by Josiah Witham and Joshua Yeaton. They have pods in the making and a generous supply for the table on that date is predicted.

Contractor Freeman Smith is raising the main house at the Henry J. Knight place and will put in a cement foundation. The buildings have undergone extensive repairs since the property was purchased by G. B. Wiley.

Dr. and Mrs. B. F. Bradbury of Norway and Mr. and Mrs. Harry A. Norton of South Paris returned from their auto trip through the Adirondack region, Thursday.

Charles Herrick is making extensive repairs on his buildings in Ward 8, the former Mrs. Charlotte Herrick and stand. Thelmer Joslin has recovered from tonsillitis. He was excused from his class part at graduation because of the inflammation in the throat, but attended the exercises with the class.

An automobile party from Detroit, Mich., arrived Friday and have headquarters at William Newcomb's, lower Main street. The party includes Mr. and Mrs. Clifford Moore and son and Mr. and Mrs. John Powers, who are making a coast to coast tour. They had been eight days on the road and made stops in Canada and points in the states. The party arrived via the White Mountain route and after their visit will start for Boston and New York, then continue on the Lincoln Highway. They plan to spend some time along the Pacific coast in California before returning to Detroit.

Mrs. Moore, who before her marriage was Flossie Mae Keuser of Albany, is visiting the home she left some nineteen years ago and looking up former acquaintances. Mr. and Mrs. Powers are enjoying their honeymoon and believe an extended automobile trip in a jolly party an ideal way to secure the greatest pleasure.

Mr. and Mrs. Powers are a prominent member of the Detroit Automobile Association.

S. S. Saunders of Mechanic Falls called on his sister, Mrs. Beverly Truman, Sunday.

Mrs. J. H. Wiles, who recently underwent a serious surgical operation at the C. M. G. Hospital at Lewiston, returned home Friday, much improved in health.
